HBN Manager's Report

My apologies for the delay in getting this issue out- too much vacation and too many extra working hours.

Sixty different stations brought HBN QNI of 671, QTC 354, QSP 342. Average time per session 33 minutes. Our top ten handlers were K8LJG with 61 pieces of traffic listed; KA8WNO 53; NG1A 49; WX4H 27; W2MTA 20; K8KV 14; WA4DOX12; W8RTN 11; KK3F 10 and AA4AT 10.

Thanks to all of you for being there, whether or not you brought traffic. Top QNI were WX4H 29, W2MTA 20, K4IWW 29, KX8B 27, KA8WNO 24, K8LJG 23, K8KV 22, WØGRW 22, K2BCL 21, N1DHT 21 and W3JKX 20.

We were honored to have these new stations- AF4FW, Warren NC; AJ1G, Chris CT; and W4TY, Art VA.

Welcome back to Harry, W3KOD in WPA. It's so good to have him back with us. His 20 watts is putting out a great signal here.

We will be hearing Ben, K8KV checking in from his winter home in sunny Florida.

Stay safe and warm.

73, ARF!! Sis WD8DIN

August Report

Twenty-four loyal ARF'ers checked in this August, and we handled 90 pieces of traffic. With perfect attendance was Cid, W3QQ, and close behind were Ad, NR9K and Sam, WB5ZJN (30); Chuck, N3ON (29); Chuck, KX8B (28); Sam, KG2HA (27); John, VE2DTR (25); Jim, WA3DUH (22); Carter, N3AO and Bill, W2MTA (21). As always, if you were able to checked in only once, your participation is greatly appreciated. HBSN would not exist without your participation. Thanks to everyone

for your continued support.

News: Not much news from Northeast Ohio. I was saddened to hear the passing of Don, K2YAI. I do not know how many years Don had been active on HBSN and HBN, but I know he had been checking into the nets for over ten years. Don's passing has caused me to reflect on others that we have lost and how sometimes life seems to casually flow into and out of our lives. Often, after someone is gone, we wish that we had known more about them. Two quotes come to mind:

"In the death of every friend we lose a part of ourselves, and the best part." Alexander Pope

"Each man's death diminishes me." Søren Kierkegaard  
Rest well Don, "thou good and trusted friend." ARF

HBSN September Report

There were twenty-seven stations that QNI'ed in the month of September, and we passed ninety-four pieces of traffic. With perfect attendance were Bill, W2MTA and Chuck, KX8B, and close behind were Cid, W3QQ (29); Chuck, N3ON and WB5ZJN (28); Ad, NR9K (24); Sam, KG2HA (24); Bill, K2BCL, Carter, N3AO, and John, VE3DTR (21); Jim, WA3DUH (20); and Earl, W3JXK (19). As always, if you were able to have checked in only once, your participation is greatly appreciated. HBSN would not exist without your participation. Thanks to everyone for your continued support.

News: A big welcome back to Harry, W3KOD. It was so good to hear Harry's clean and crisp fist again.

If you have the radio on a few minutes before the net, join the impromptu chat that is often taking place. It can be as simple as sending a "good morning" greeting and maybe a temperature report in your area. Do, however, keep a close watch on the time and be sure to clear by 7:30 a.m.

Some of you have mentioned that my signal is weak, and you're right. I am operating with half of a G5RV. The "good" half is hung up in the trees, and as soon as the leaves drop and I can see what is going on up there in that twisted mass of limbs, I'll pull the antenna down

(if possible) and repair it. If not, I have a new one on order that will solve my problem.

Hey, does anyone read this stuff? If yes, send me a message and tell me that you do. I sometimes think that no one reads this column except Sis and Mike, KA5NNG, who occasionally sends me interesting comments on my musings. Don't you have a story that you're dying to share with us? Have you gotten a new rig lately? Do you work QRP or some other aspect of the hobby? What do you do when you're not on the net? Do you have other hobbies?

The trees are beginning to reveal their first signs of fall colors. I love the fall with its beautiful colors, and its incredibly perfect weather. If only they would not fall into my yard!. 73, Sam
